Department of Justice,

It is my opinion that Microsoft has already proven it does not respect and will not abide by antitrust laws in this country. I appreciate your work and time spent in attempting reasonable compromise with Microsoft; however, it is not your fault a legal, lasting and appropriate solution cannot be made - it is Microsoft's. As such, I feel the only way to get the point across to this gigantic corporation is through extensive legal and economic means.

Sincerely,
Matthew Toczek
